

The Canterbury Episcopal School

Dear Prospective Parents,

Thank you for your interest in the Canterbury Episcopal School. Enclosed is the Admissions Packet for the 2012-2013 academic year. This packet contains basic information about Canterbury and forms for each student including an Application for Admissions, Parent/Family Questionnaire, two Teacher Evaluations for students entering Grade 2 - 12 (English and Math teacher preferred), and a record release for students entering Grades 2 - 12.

Upon the receipt of the completed forms and the \$150 application fee, we will schedule an assessment for your child. The assessment includes a school readiness appraisal, appropriate language arts and mathematics evaluations, and a writing sample.

We then invite your child to our campus for a half day to visit. This provides an opportunity to meet new friends, attend classes, participate in school activities, and visit with the division head.

The decision process takes approximately two weeks to complete and is based upon the assessment results, the two teacher evaluations, previous school records, as well as the family/student visit. Canterbury will offer admission to qualified students whenever spaces are available; otherwise, qualified students are placed on a waiting list.

Should you have any questions please contact Libby Tadlock, Director of Admissions, at TadlockL@TheCanterburySchool.org or call 972-572-7200 ext. 106.

Sincerely,

The Canterbury Episcopal School
